To Whom It May Concern:

Aholattafun Creative Solutions has been our provider of Web Based solutions for several years. As an established company in the medical field, our needs were unique. Steven and his team have proven on more than one occasion, that they deserve our ongoing business.

Steven not only built a website for us that continues to win praise, but they helped us to optimize the customer visits through search engine maintenance. *Aholattafun* also designed several posters and banners for our marketing division.

I am far too busy taking care of my own clients to write long testimonials and / or do maintenance work on my Website. It is not my area of expertise, and yet it is a crucial piece in Ortho-Care's over-all image offering. That is why I continue to leave this in the capable hands of Steven and his team.

We look forward to continuing to work with *Aholattafun* on future projects.

John F. Does C. Ped.
President
Ortho-Care Precision Orthotics Inc.
