

CREATIVE PRICING GUIDE

Creativity is limited only by imagination when creating corporate identity, literature or advertising materials.

The image projected from a company is everything in terms of establishing and maintaining exposure while delivering its message to the market place.

The Creative Pricing Guide is a sample menu of *Aholattafun's* diverse creative ability and general costing; as each project has its own requirements and is weighed accordingly. *Aholattafun* suggests selecting a package from the Creative Block Time Service that best reflects your needs from the list below.

For a completely out-sourced solution, contact an **Aholattafun** Business Manager or register online at aholattafun.ca.
